

OLDENBURG VINEYARDS

LAP UP THE LUXURY OF CAPE DUTCH CHARM

STELLENBOSCH

When it comes to luxury accommodation away from city noise, it's hard to compete with the Oldenburg Vineyards Homestead. Ten minutes outside Stellenbosch, the 600-square metre luxury villa comes with a range of modern amenities (like Wi-Fi and a central music system) while retaining its 200-year-old Cape Dutch charm.

The tastefully decorated double-storey house can accommodate up to a dozen people in its six bedrooms. However, there are plenty of entertainment areas (including a reception room, formal dining room, eat-in kitchen, living room, and two covered entertainment areas outside) that give you enough space to yourself.

In winter, sit by one of three fireplaces and let the butler pour you a glass of wine from the estate's award-winning range. And in summer, enjoy a workout in the private gym before taking a dip in the pool while private chefs prepare your feast. This is the life!
